Players, Coaches, and Managers are to be invited and encouraged to attend the National referee courses as part of ongoing education to increase their understanding of referees' rules.

30 days before the examination event State/Territory Committees must nominate their candidates for a national C licence. This is done by completing a relevant form and sending it to the Chair of the JA Referee Committee.

Due to a limited number of examination events and reduced quotas of referees for these events no more than three candidates will be assessed at any one of these events.

Criteria for promotion

The off-the-mat conduct of officials should be such as to bring credit to their position. They should not publicly criticise other officials nor argue their actions or decisions with a player, coach, or spectator, although a courteous explanation is permissible.

When acting as the examiner it is necessary to provide feedback to candidates, feedback should be direct, clear, and given in such a manner to ensure that the candidate is sure of the proper procedure expected. In this situation, it may be necessary to provide 'negative' (or critical) feedback to a

candidate in the presence of other candidates, however at no time should it be done in the presence of non-candidates (coaches, players, spectators, etc.).

ONGOING REFEREE EVALUATION

All nationally accredited referees are evaluated by JA Referee Committee Members at all the JA National Event Series.

National practical examination procedures and a relevant assessment form to be used for ongoing evaluation. All evaluation scores are recorded in the national referee database. Ongoing referees' ranking will be developed and will be used for selecting and nominating referees for the JA National Event Series and international tournaments.

JA NATIONAL REFEREE EVALUATION POLICY

Aim of evaluation

The national referee evaluation strategy aims to provide all stakeholders with:

- A continuous, objective monitoring tool of referees' performance
- Reliable data that will support improved training and investment decisions
- An indication of how our training programs are performing
- Reliable data used when assessment for promotion is considered and conducted
- Evaluation scores and feedback for each referee who officiates at all the JA National Events Series

Evaluation events

- The National Referee Committee evaluates all referees at all the JA National Event Series
- To be considered for selection for nationals, and any international events a referee must be evaluated at least three times in a reporting cycle (June – May)

Procedure

- Minimum of eight fights at one event is required for evaluation
- Immediately after each fight, referees need to liaise with the Committee Member on their mat for specific and relevant feedback
- All evaluation scores are recorded in the national referee database

OFFICIAL DRESS CODE

The dress code for the JA National Event Series is as per the IJF regulations. Other state, local, and club competitions – as prescribed by State/Territory Referee Committees.

SELECTION PROCESS FOR THE JA NATIONAL CHAMPIONSHIPS

One of the most important roles of the JA Referee Committee is to select the best referees for our prime event, the national championships.

One central referee, two table judges, and a mat supervisor appointed by the JA Referee Chair are required for each contest area. To allow necessary breaks for referees the recommended minimum number of referees for each mat is 5.

The officiating referees shall be selected by the JA Referee Committee and appointed by the CEO. In general, these referees shall be selected from among current JA national referee licence holders. However, provision can be made for referees not yet holding a JA national referee licence to referee at these events, if the JA Referee Committee believes their ability is of a sufficiently high standard. The JA Referee Committee is to notify selected referees officiating at least 28 days before the competition.

No referee can carry out any other duties during the competition e.g. coaching or manager of a team that is competing in the championships at which the referee is officiating.

The selection of referees for the national championships is based on performance and is competency-based. Any overall judgements are based on seeing referees at several events and not just on one performance.

Referees are encouraged to regularly attend the National Event Series competitions so that they can maintain their currency in refereeing higher-level competitions.

To be considered for selection for the national championships and any international events a referee must be evaluated at least three times in the last 12 months.

Once nominations are received from the states the selection is based on a democratic vote by all members of the JA Referees Committee.

The JA Referee Committee will first rank and select referees with three evaluations. In exceptional circumstances, where there are not enough referees with three evaluations, the Referee Committee may choose to select referees with only two evaluations.

To be considered for national selection a national referee must be nominated by the relevant State/Territory Referee Committee.

SELECTION PROCESS FOR NATIONAL EVENT SERIES

The officiating referees shall be selected by the JA Referee Committee and appointed by the JA. One central referee, two table judges, and a mat supervisor appointed by the JA Referee Chair are required for each contest area. To allow necessary breaks for referees the recommended minimum number of referees for each mat is 5.

In general, these referees shall be selected from among current JA national referee licence holders. However, provision can be made for referees not yet holding a JA national referee licence to referee at these events, if the JA Referee Committee believes their ability is of a sufficiently high standard. 6-8 weeks before the competition, JA Referee Committee sends a request for nominations to all State/Territory Chairpersons.

States/Territories provide their nominations to the Chair of the Referee Committee.

Four weeks before the event the Referee Committee finalises the list of referees and sends the final list of selected referees back to the States/Territories for distribution to selected referees. The list of selected referees is also published on the JA website.

Assessments of state A referees for the national licence can only take place at the JA National Event Series.

It is the responsibility of all referees to remain current. This means that they must remain up to date with the latest IJF rules, and interpretation of such rules, as well as remain active.

REFEREE DATABASE

JA maintains a comprehensive database of all national accredited referees. The details collected in the database are:

- Name
- Age
- Address
- Contact details
- Club
- Judo grade
- Referee licence
- Referee status (active & inactive)
- Competitions attended (hours of refereeing)
- Evaluation (ranking)

PROCESS FOR ATTENDANCE AT OVERSEAS EVENTS

All referees with a current national licence can apply to the JA Referee Committee for permission to referee at overseas competitions. It is however the JA Referee Committee's recommendation that referees select overseas competitions carefully, according to their abilities and after consultation with the JA Referee Committee, OJU Referees Director, and fellow referees.

The JA Referee Committee recommendation is:

- **National licence:** all competitions except for the OJU championships and OJU Cup (a separate selection process exists for these events).
- **IJF Continental licence:** as above plus all other competitions which require a Continental licence (Cadet and Junior Cups etc.)
- **IJF A licence:** as above plus as rostered by IJF (Olympic Games, Commonwealth Games, World Championships, Grand Slam, Grand Prix).

All referees who wish to officiate at IJF events must have their IJF ID current. The JA office is responsible for organizing these cards.

To allow Australian referees an opportunity to travel overseas with the Australian team the JA office publishes and circulates the current JA calendar of Australian team overseas competitions. Any amendments to the calendar will be communicated in writing to the JA Referee Committee Chair. The Chair will then distribute this to all eligible referees seeking nominations.

Nominations

All eligible referees can nominate to referee for any overseas event. Written nominations must be submitted to the JA Referee Committee Chair no later than 30 days before the event.

The JA Referee Committee will then select referees who will then be added to the national team squad travelling to a particular event. All registration processes will be done by the JA office (JudoBase.org.).

A referee must apply in writing to the JA Committee Chair and state the following:

- Name
- Competition name, date, place

JA will approve or reject applications based on referee performance recorded in the JA referee record database.

Conflict of interest**Preamble**

In the Judo Community as in all other organisations, situations arise where the person involved in the decision-making process will find that their ability to make the decision is compromised or their objectivity is impaired due to certain factors. With this in mind, the decision maker must respond by declining to take part in the process. The object of these guidelines is to make the decision-making The process is as fair as possible and ultimately the removal of all indications of conflict or bias, whether perceived or real.

Definition

Conflict of interest is a conflict between personal interest and an official responsibility of a person in a position of trust. Bias is a predisposition or leaning towards a certain outcome.

Parties Involved

These Guidelines apply to all referees of Judo Australia involved in any decision-making process.

General Principles

- In each matter relating to the interaction between two parties, the deciding party must be objective and free from compromising influences.
- Objectivity is impaired when the deciding party has a real interest in the outcome of the process or is biased towards a certain outcome to the extent that the deciding party would be unable to properly and competently carry out the decision-making powers.
- When the conflict does arise, the deciding party must declare the conflict and refrain from involvement in the decision-making process and from attempting to influence the remaining

- decision makers. A declared conflict of interest or bias may be resolved within the group making the decision.
- Allegations of conflict of interest or bias must be addressed immediately to ensure fairness in the decision-making process.

Application of the Guidelines

A deciding party should not:

- Do something knowing it will further the party's own interest, will further the interest of a person directly associated with the party or will further the interests of a Family Member;
- Use a position or office to influence or seek to influence a decision to be made to further the party's private interest;
- Use or communicate information not available to the general membership, that was gained in the course of carrying out the duties of office or powers, to further a private interest;
- Act when there is a predisposition towards a particular outcome;
- Accept gifts or benefits – does not include social obligations.

Resolution

Any unresolved conflicts of interest or allegations of bias shall be dealt with using JA Complaint Procedures.

During the JA National Event Series, all Referees are subject to JA disciplinary procedures and actions described in this policy.

JA Referee Chair, after consultation with JA Referee Committee Members, has the right to apply disciplinary action against any referee who disregards JA Referee Committee Members' instructions and behaves in a disrespectful and unprofessional manner. In all situations of disciplinary action or decisions, the principle of natural justice should always be applied.

JA Referee Chair can apply any or all of the following disciplinary actions:

- Warning
- Temporary break from refereeing (temporary removal from refereeing roster)
- Removal from refereeing roster for the rest of the day
- Removal from refereeing for the duration of the event

APPENDIX 4 - JA REFEREE EVALUATION CRITERIA & REPORTING

Referee Evaluation Score

Each attending referee will be evaluated throughout the particular event. The 'Final' Evaluation Score' will be based upon the overall refereeing performance of the individual referee, considering the criteria identified in the 'JA Referee Evaluation Criteria document.

Three refereeing 'Levels' have been identified allowing the individual referee to be assessed at their respective levels allowing for a more relevant and applicable assessment at that referee 'Level':

- | | | |
|---------------|-----------------|------------------|
| • IJF | Maximum: | 10 points |
| • Continental | Maximum: | 9 points |
| • National | Maximum: | 8 points |

Criteria of each component

Voice:

Voice should be loud and clear using correct and distinguishable pronunciation.

Examples

- Voice too loud – or – too quiet
- Incorrect or indistinguishable pronunciation

Signals:

All hand signals should be correct, clearly identifiable, display good posture, and should be held for approximately 2-3 seconds. The referee should not pre-empt any score before the action has finished.

The referee should know exactly where the medical team are situated and should immediately call in that direction when they are required.

Examples

- Signals not clear – or – not held for sufficient time
- Wrong signals used when scoring – or – applying penalties
- Pre-empting score before completion of the throwing action

Mobility:

The referee should adopt the most appropriate position and distance to accommodate the activity and movement of the competitors. Attention should also be given, by the referee, to the view of the table referees, the position of the CARE-system cameras and the position of the tournament control staff. The pace and movement of the referee should be calm and purposeful and not rushed or random.

The referee should be appropriately positioned to effectively view and assess Katame Waza situations such as Shime Waza, Kansetsu Waza and Osaekomi Waza.

Examples

- Too far from – or – too close to the activity/movement of the competitors
- Wrong or poor positioning with regards to CARE-system camera(s)
- Movements appear rushed or random

Presentation

This criterion identifies the physical appearance, presentation and posture of the referee, including the ability to display a calm and confident demeanour and a high level of control throughout the contest. Elements would include facial expressions, unnecessary gestures, lack of confidence, and showing disrespect for the competitors.

Examples

- Making unnecessary facial expressions and/or physical gestures
- Poor posture. Appears nervous/anxious/tense
- Displays disrespectful 'attitude' towards competitors and/or coaches

Determination

The referee should consistently demonstrate the ability to be competent and confident in providing accurate opinions of varying situations and activities during the contest. Whilst the referee may request the table referees' support in difficult situations the referee should not regularly defer to the table referees to make the decision

Examples

- Lacks initiative/confidence when assessing action and/or making a decision(s)
- Fails to refer 'difficult' (controversial) decisions for review by table referees
- Displays disrespectful 'attitude' when over-ruled by table referees and/or Committee members

Contest control:

The referee should demonstrate calm and confident control of the competitors and coaches during a contest.

The referee should be aware of the scoreboard throughout the contest, and any discrepancies/inaccuracies should be resolved immediately.

Any problems with scoreboard/timing equipment should be addressed promptly and resolved professionally and respectfully.

Examples

- Scoreboard not observed, and a discrepancy/inaccuracy not fixed quickly enough
- Displays a 'lack of feel' for the contest. They call Matte at an inappropriate time.
- Appears distracted by coach(es) and/or spectators
- Fails to address inappropriate behaviour of coaches

Judgement (table referees)

The table referees should always demonstrate attention to the action on their mat area. This would include avoiding unnecessary or distracting behaviour during the contest.

The table referee should offer prompt and clear support to the referee on any close or unclear decision. However, the table referee should not appear overly or unnecessarily critical of the referee on close decisions and should always attempt to maintain the unity of the referee team.

The table referee should be quick to supervise any medical activity for a competitor, in the contest area when this is required.

Examples

- Does not demonstrate paying attention to the contest
- Does not offer an opinion on an action/decision when required
- Is over-talkative or dominating
- Uses poor radio procedure
- Relies too much on the CARE system

Scoring:

The correct level of technical scoring for all actions in Tachi Waza is paramount and must be applied consistently. Scores should not be pre-empted, and should accurately reflect the throwing action, and be awarded to the correct competitor (particularly in Kaeshi Waza situations)

Repeated occurrence of a referee having technical scores changed, during the same contest, would be regarded as a poor scoring performance.

Examples

- Repeatedly has technical scores overruled by table referees
- Scores to a wrong player in KaeshiWaza

Penalties:

It is important that the referee award penalties consistently and at the appropriate time for the level of infringement committed. Penalties should be awarded taking into account the intent of the competitor and should be applied using a clear and accurate signal to the competitor who infringed.

Examples

- Shows poor timing when applying 'Negative Judo' penalties
- Use an incorrect hand signal for the intended penalty
- Calls Matte at the wrong time to award Shido

Katame-Waza:

The referee should demonstrate an accurate and consistent understanding of Katame Waza by calling Matte, OsaeKomi, Toketa and Ippon at the appropriate time.

The referee should also demonstrate a clear understanding of when the overall action transitions from Tachi Waza to Katame Waza. The referee should allow the competitor an appropriate opportunity to apply Katame Waza actions whilst identifying situations where one or both competitors are 'time-wasting'.

Examples

- Poor timing when calling OsaeKomi and/or Toketa
- Does not accurately interpret transition between Tachi Waza and Katame Waza
- Poor timing when announcing Ippon for Shime Waza or Kansetsu Waza (too early/too late)
- Calls Matte too early – or – too late

APPENDIX 5 - JA EMERGING REFEREES POLICY

Aim:

The JA Referee Committee are actively seeking to create opportunities for emerging' State/Territory level referees to gain exposure and experience with a focus on developing future JA National level referees.

To facilitate this aim JA Referee Committee has adopted the following Policy.

Introduction:

As per current procedure: JA Referee Commission will forward notification seeking 'Expressions of Interest' from States/Territories to nominate referees to officiate at the JA National Event Series.

Included in this 'Expression of Interest' will now be an opportunity for States/Territories to nominate emerging referees (as defined below) from their State/Territory:

Emerging referee:

- Current State/Territory 'A' level referees who are preparing, but not yet considered ready by their State/Territory, for National referee 'C' grade assessment
- Young (aged 18-25) State/Territory 'B' level referees who are deemed to have the potential to progress to National 'C' referee within the next 2 years

Policy details:

- This Policy will only be applied at the JA National Event Series
- This Policy does not apply to State/Territory level referees who have been nominated for National 'C' referee assessment, by their individual State/Territory, at one of the identified events. However, if a State/Territory did nominate a referee for National 'C' referee assessment, this would subsequently reduce the number of 'emerging' State/Territory level referees referred to in this Policy
- Each State/Territory is encouraged to nominate a set number of 'Emerging Referees' (as defined above) to officiate at the JA National Event Series. The total number of selected 'Emerging Referees' would be capped at one 'Emerging Referee' per competition mat-area.
- Minimum (referee) age: 18 years old
- In the final selection of 'Emerging Referees' JA Referees Committee will give first preference to those 'Emerging Referees' from the host State/Territory for that specific event.
- Selected 'Emerging Referees' would be rostered to participate as both mat and table referees
- State/Territory 'B' level referees: Selected 'Emerging Referees' would only be invited to officiate contests involving the following Junior Boys/Girls Senior Boys/Girls divisions
- State/Territory 'A' level referees: Selected 'Emerging Referees' could be invited to officiate contests at all age-levels
- Referees will be supervised and mentored by a JA-appointed mat Committee member in close consultation with the relevant State/Territory Referee body representative
